## **DETAILED ACTION**

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kenneth Lao on September 3, 2004.

The application has been amended as followed:

**In claim 7, see attachment**

**In claim 41, see attachment.**

### ***Allowable Subject Matter***

1. ***Claims 7-18, 41-42, and 45-48*** are allowed.
2. The following is an examiner's statement of reasons for allowance: None of the references either singularly or in combination teach or fairly suggest a display apparatus comprising a display having an orientation sensitive interface mechanism operable in first and second modes corresponding to respective first and second orientations of the display wherein the orientation sensitive interface mechanism includes only three loud speakers comprised of a first loudspeaker pair formed of the first and second loudspeakers and a second loudspeaker pair formed of the second and third loudspeakers. A selection means selects the first or second loudspeaker pair for

Art Unit: 2675

operation in the first or second mode, and the three loud speakers are located at three corners of the display and face substantially in one single direction. Ali et al. (U.S. Patent Application Publication No. 2002/0140675) teaches the orientation sensitive interface mechanism, the selection means, and the orientation sensing means as claimed, however fails to teach that the orientation sensitive interface mechanism includes the loudspeaker arrangement. Sasaki et al. (U.S. Patent No. 5,396,301) teaches a loudspeaker arrangement comprised of a display apparatus having three loudspeakers having a first loudspeaker pair and a second loudspeaker pair as claimed, however fails to teach that the display having four corners and the three loud speakers are located at three corners of the display facing in substantially one single direction.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
